

# KID'S CUTIE PIE CLASS 1/11

Fruit pies from CRUST have earned a loyal following over the years and no wonder. Flaky crusts are shaped and crimped by hand. Real fruit is tossed with just sugar, tapioca and a splash of lemon juice; no canned fillings here. Having made thousands of pies since we opened our doors, we'd like to invite you and your young one into our kitchens for a hands-on pie class where you'll learn a few tricks of the trade. This is a kid's class, so be sure to grab your young one!

## Take Home:

Participants will leave class with a pair of cutie pies to be baked at home!

## What You'll Need:

An apron and a rolling pin!

If you have long hair, please bring a hair restraint.

A smile, an open-mind, and the excitement to learn!
